Dear Property Owner,

Hamilton County Public Health (HCPH) previously pre-approved you at 100% grant funding through the Water Pollution Control Loan Fund (WPCLF) to help in the sanitary sewer connection for your primary residence. The WPCLF requires at least three bids or quotes be submitted to Hamilton County Public Health for each eligible project. The lowest and best bid is selected by HCPH from the bids received. In order to proceed, HCPH requires your help to seek bids on our behalf.

Using the attached forms, sample contract and guidance provided in this letter, you will need to contact contractors individually. Attached is a list of the Metropolitan Sewer District's Licensed Sewer Tappers you should contact. Any contractors interested in your project must be given a copy of this letter with all attachments. Interested contractors will need to provide a quote for the Total Cost of all work needed to properly connect your home into the sanitary sewer. This would include connection of all wastewater sources on the property being correctly plumbed into the building sewer/drain, disconnection and re-routing of any clear water from the building sewer/drain, connection of the building sewer to the sanitary sewer tap, any other eligible and justified items, finished grading, seed and straw, and proper abandonment of the existing sewage system components, if present.

To keep the process moving forward, at least three quotes must be obtained and collected by you on behalf of HCPH. All quotes must be collected by you and submitted at one time to HCPH by 04/30/2021. Keep in mind that returning all quotes sooner will be better to help your chances of receiving the WPCLF funding. Quotes will be reviewed by a team of individuals at HCPH and be awarded, if funding is still available, to the qualified applicant based on the lowest and best bid. Awarded contracts are strictly between HCPH and the selected contractor. Any attempt to enter into separate contract, addendum, modification, invoice or other contractual agreement, except for the matching percentage to be paid directly by the owner to the contractor, without prior approval by HCPH, may disqualify the bidder.

Quotes must include the services listed above and the following:

- i Contractor needs to be a licensed sewer tapper with the Metropolitan Sewer District (MSD) of Greater Cincinnati. (see attached list)
- i If present, septic system abandonment will require obtaining a septic system abandonment permit from Hamilton County Public Health and associated fees.

Healthy choices. Healthy lives. Healthy communities.

- i Plumbing re-routing or corrections will require obtaining necessary plumbing permit(s) with Hamilton County Public Health and associated fees.
- i Any other necessary permitting and fees. (road right-of-way permitting, electrical permitting through the Inspection Bureau, Inc., etc.)
- i A site plan showing the proposed building sewer, sewer tap location, and connection to the home.
- i Special consideration of the contract such as bonding and insurance requirements.

If selected to complete the project, the contractor will be contacted directly by HCPH. At that time, they will be required to sign a site specific version of the attached contract and submit all required contract paperwork to HCPH. Once the submitted information has been verified, a Notice to Proceed will be issued to the contractor by HCPH allowing the selected contractor to begin the installation. All work must be completed (including final inspection) by 12/15/2021 and following receipt of the Notice to Proceed.

It should be noted that any unexpected changes and/or alterations needed during the performance of work, requires a Contract Change Order (see Contract - Attachment B). Payment for any changed or extra services will not occur without pre-approval using this method. Also note that the contract has special insurance and bid bonding/financial guarantee requirements that must be followed.

For the WPCLF portion of the payment to occur, all permitted work must be approved by the permitting authorities and HCPH must approve the final building sewer replacement, septic system abandonment (if applicable), and any plumbing corrections. After which, the contractor must submit to HCPH an invoice, by December 17, 2021, to document the incurred costs for the services along with the necessary approval certificates issued by MSD and HCPH. Upon verification of this information, HCPH will send a request to Ohio EPA for reimbursement of the eligible system repair/replacement costs. After confirmation by Ohio EPA, the Ohio Water Development Authority will distribute the funding to HCPH, who will then pay the contractor the approved amount. Any portion of the approved bid amount not covered by the WPCLF must be paid by directly by the property owner to the contractor.

At this time, if you would like to remain eligible for the WPCLF, you must solicit quotes on behalf of HCPH for your project. When submitting each quote to you, the contractor must include a completed, signed and dated copy of the following attachments:

- i Hamilton County Bid Proposal Form
- i Contractor Equal Employment Opportunity (EEO) Certification Form
- i Certification Regarding Debarment, Suspension, and Other Responsibility Matters Form
- i American Iron and Steel (AIS) Form
- i A site plan showing the proposed building sewer, tap location, and connection to the home.

Welcome to the Metropolitan Sewer District of Greater Cincinnati (MSD)

MSD looks forward to serving you as our future customer. Attached to this document is our current list of licensed sewer tappers. We license individuals by giving them a written test. - Obtain more than one bid for the work
- Ask for references and check them out
- Check with an agency such as the Better Business Bureau
- Get a written contract and make sure it covers all the work that is to be done.
