GENERAL INFORMATION NOTICE

Dear Tenant:

Your property owner has applied to Hamilton County Public Health for a grant to control lead hazards (if present) in your dwelling unit. This notice is to inform you that, if the assistance is provided and the building is rehabilitated, you will not be permanently displaced. Because Federal assistance would be involved, you would be protected by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended. Therefore, you are urged not to move out at this time. If you do elect to permanently move for reasons of your choice, you will not be provided relocation assistance. During the entire process, you must continue to comply with your lease terms and conditions.

Temporary Relocation: For health and safety reasons, you may NOT occupy the unit during the rehabilitation work. There are NO exceptions. Also, you are required to prepare your unit in advance of the work start date, including securing valuables, and moving furniture and other objects away from where work will be occurring. The grant program assumes no responsibility for anything broken or stolen before, during, or after the hazard control work.

Relocation Expense: If you are unable to find a place to stay during the extent of the rehabilitation work, HCPH will pay for short term accommodations. Only the cost of lodging during the temporary relocation will be covered by HCPH. Other costs incurred will not be covered or reimbursed by HCPH. Prior to relocating, you will receive notification of the expected temporary relocation dates.

Your signature below indicates you have read and understand this notification. Should you have questions, please consult with the property owner before signing. Any information provided directly to the Hamilton County Public Health Lead Hazard Reduction Program will not necessarily be shared with your property owner; however, it may be subject to a Freedom Of Information Act Request.
